

In closing, one of our beloved Tele-Missions family missionary and friend, Evvy and Gary Campbell shared with us their family newsletter. My wife and I share the sentiment in her closing remarks....

Cindy and I are so humbled in a time of so much suffering for others, to have been granted the gift of a golden year. Our cup of gratitude overflows, we have earnestly sought to be useful as you know at this time being constrained now by COVID-19, and remain in taking courage in the hope that “***our work, our times and prayer and service , our small days lived graciously, missionally, and faithfully will bare fruit that we cant yet see***”. (*Liturgy of the Ordinary, Tish Harrison Warren*)

Well, as this year draws to a close, may your heart as well be filled with gladness, gratitude and hope as we celebrate Christmas!

Together in the Masters Harvest,

Dr. and Mrs. Gordon Anderson Jr.
